About Me

Recent graduate with a degree in computer science and a GPA of 3.21 from Bina Nusantara University. I have knowledge in data analysis, statistical modeling, statistical analysis, data visualization, and machine learning. Proven ability to work well in a team, and eager to continue to develop my skills and grow as a data scientist. Seeking an entry position in the data scientist field to leverage skills and gain more practical work experience.

Work Experiences

PT. Acset Indonusa Tbk

DKI Jakarta

Internship | Application Developer

Feb. 2021 - Feb. 2022

- Analyzing business process and database relationships to improve existing applications and meet user needs, resulting in increased efficiency and user satisfaction.
- Developed, integrated, and maintained web applications to streamline employee workflows, increase time efficiency, and provide real-time monitoring, earning a top grade of 'A' from my mentor and contributing to improved organizational productivity.
- Revamped the UI/UX of an application to make it visually appealing and user-friendly, added several requested features, and created APIs to support integration with other applications, receiving high praise from superiors for the improvements and increased functionality.

PT. Tri Mitra Resources

South Jakarta

Internship | IT Support

Aug. 2017 - Nov. 2017

- Successfully backed up 100 data sets utilizing Microsoft Excel, ensuring the integrity and reliability of the stored information.
- Created a comprehensive company profile that effectively introduced key information, such as the company's vision, mission, goals, and history, providing a clear and concise overview of the organization

Projects

Games Sales

Des. 2022

- Awarded as Top 1% best participants out of 10,000+ participants in RevoU mini course based on final assignment.
- Successfully implemented the taught material including data analysis, cleaning, and visualization techniques to complete a mini course project and demonstrate a strong understanding of the subject matter.

Organization

Activist SWANARAPALA
